## Abadis is a 3M Premium Partner Industry & Preferred Converter Partner

As a 3M Premium Partner Industry, we are one of the most important partners for the 3M DACH region and the first company in Switzerland to be awarded the title of 3M Premium Partner in 2018.

## Products & Services

We distribute **high-quality products** in the areas of **bonding, sanding, protecting** and **sealing**.

Our main suppliers include **3M, Henkel, Panacol, tesa, Klingspor** and **Sika**. The close cooperation with these manufacturers enables us to find the best solutions for our customers in terms of price and application technology.

### Additionally we offer:

#### Production of die-cut parts

We produce die-cut parts for you from a wide variety of materials exactly according to your specifications or your sketch. On rolls, punched on sheets or individually loose.

#### Bonding work / contract work

We take over gluing work as contract manufacturing to relieve your production. We take over the guarantee for the work and bonding carried out.

#### High risk projects

We support you in your "high risk" bonding projects with regard to feasibility. Together with our manufacturer partners, we carry out and document laboratory tests, climate and ageing simulations and wind load calculations.

#### Window films and shading systems

We provide comprehensive and competent advice on window films and shading systems and also carry out the installation on site.

We are certified according to EN 9120 for the aerospace industry.
